## PROFESSIONAL PROFILE

Production data engineering and analytics: integration of heterogeneous systems, a single calculation rule, and identity-scoped dashboards (RLS). Also frontend, product and experience design (UI/UX, motion, WebGL/3D, Adobe) so the same data is understood and used. Core stack: Django, SQL (PostgreSQL / SQL Server), Apache Superset, Power BI, n8n, Vue/Nuxt, TypeScript, Figma, Adobe CC, Expo. Senior programmer (UTN — Facultad Regional Resistencia, GPA 9.40/10). Data engineer in progress (Universidad del Gran Rosario).

## WORK EXPERIENCE

**Data and software engineering** 2023 — Present

*ECOM Chaco S.A. — https://www.ecom.com.ar/*

Provincial technology company (SAPEM): software, connectivity, and public/private modernization.

- Information architecture and analytics dashboards (Apache Superset / Power BI) with RLS and federated identity.
- Django backends: GIS, KPIs, audit trails, and controlled dataset export.
- Services & Institutions platform; Individuals & Legal Entities management platform.
- SQL Server / PostgreSQL integration and asynchronous reconciliation (Celery / Redis).

**Technology and data advisor** 2026 — Present

*Independent consultancy — Livio Gutiérrez, President of Nuevo Banco del Chaco*

https://www.nbch.com.ar/institucional/autoridades

- Personal advisory on technology, data, and process modernization.

**Lead Developer and CTO** 2022 — Present

*Agronys*

- Technical direction of digital products in agrotech.
- SIGAG — Integrated Agricultural and Livestock Management System: offline-first, computer vision, AI, and intelligent orchestration.

**Technology and communications advisor** 2023 — 2026

*Independent consultancy — Livio Gutiérrez (Cabinet Coordination, Chaco)*

- Personal advisory on communications and digital technology.

**Technology and data advisor** 2018 — Present

*Mg. Med. Julian Bibolini — Ministry of Human Development / UPLAB, Formosa*

- Health data management and institutional indicators for decision-making.
- Academic management modernization at the Faculty of Medicine.

**Communications and technology advisor** 2019 — 2023

*Municipal Council of Presidencia Roque Sáenz Peña (Pedro Egea), Chaco*

- Digital transformation of institutional channels and remote operations.

**Legislative advisor** 2015 — 2018

*Independent consultancy — Chaco Chamber of Deputies (Livio Gutiérrez)*

- Advisory on communications and technology.

**Instructor** 2016 — 2017

*National Digital Literacy Plan — Ministry of Modernization*

**Technical advisor** 2016 — 2017

*Ombudsman's Office of Formosa — Deputy Ombudsman Hugo Maldonado*

- Technical support for claims management and digital communications.

## SELECTED PROJECTS

- **SIGAG** — Integrated Agricultural and Livestock Management System. Offline-first, computer vision, conversational AI, intelligent orchestrator.
- **Nutrogan** — Offline-first livestock platform with indicators, GIS, and vision. Collaboration with CEDEVA.
- **SIGCL** — Integrated Curricular and Legal Management System for training institutes (campuses, enrollment, QR attendance, tuition, official minutes and transcripts). Sold 4 times (USD 4,500 + maintenance).
- **Cocoma** — Software bid desk: rate card, COCOMO I/II, WBS, P80 risk, PDF/Excel. Sold USD 1,500. https://cocoma-app.onrender.com
- **Payment gateway** — Asynchronous reconciliation via queues, webhooks, and batches.
- **FormoBus** — Urban transit PWA. Donated; in use by a public agency.

## EDUCATION

- Senior programmer — Universidad Tecnológica Nacional, Facultad Regional Resistencia. Graduated. GPA 9.40.
- Data engineer — Universidad del Gran Rosario. In progress.
- Public Accountant (basic cycle) — Universidad Nacional de Formosa. Incomplete.

## TECHNICAL SKILLS

**Data:** SQL, PostgreSQL, PostGIS, SQL Server, MySQL, MongoDB, Django, DRF, Celery, Redis, ETL, pandas, Apache Superset, Power BI, DAX, Docker.

**Frontend and product:** Python, PHP 8, TypeScript, JavaScript, Laravel, Livewire, Vue 3, Nuxt, Pinia, Quasar, Tailwind, Node.js, REST, GSAP, motion, Three.js, WebGL.

**Design, UX and media:** Figma, design systems, UX / usability. Adobe Photoshop, Illustrator, Premiere, After Effects, Audition. Blender, SketchUp, BIM. Video, FX, branding motion and audio.

**Mobile and AI:** Expo, React Native, Flutter, Dart, WatermelonDB, TensorFlow, PyTorch, Gemini.

**Automation:** n8n, Make, Power Automate, Apps Script, webhooks, CI/CD, Git, Jira. Apache Airflow, PySpark, Delta Lake, Databricks.

## LANGUAGES

Spanish (native). English (intermediate technical). Portuguese (intermediate).
